SUBJECT: Training in Contract Management for the
Office of SIGINT Operations

1. In response to your inquiry regarding training in contract management for the Office of SIGINT Operations (OSO), I am attaching a copy of our proposed training program for the DS&T.

2. This proposed training program was developed after an intensive survey of DS&T training needs. As you can see, it recommends a course in contract management. This course was in part responsive to OSO's needs for training in contract management and administration. The course will be developed and offered during FY 1985, and OSO will have the opportunity to send their personnel to this training program.
